Dear [Redacted]

I must apologise for the delay in replying to your letter of the 7th January, 1952, regarding the cost per hour for transmitter time from Cyprus to Athens.

.... My Head Office has been reviewing the charges throughout our system. They have now been revised and I am pleased to attach a copy of our standard table of charges. Operating, etc., costs would, of course, be additional and would depend upon the amount of time required, type of transmission, stationery used, etc..

On receipt of further information from you, I shall be pleased to let you have an estimate of any additional operating costs involved.

Kind regards.

Yours sincerely,
